CADD Operator Designer (CADD O/D)

These are exciting times for Cole Engineering Group Ltd., boasting a momentum and an energy that clearly differentiates us. We are an established company with a new vision in consulting services in Environmental Sciences and Engineering led by top industry leaders. We have grown to over 150 multi-disciplinary professional and technical staff supported by corporate administration and information technological services. If you are an engineering professional with abilities, talents and aspirations, we would like to hear from you.

Cole Engineering Group respects and celebrates the excellence of its staff and is proud of its ranking as one of the 50 Best Employers in Canada and, for a second year, the 50 Best Employers in the GTA, by Queen's Centre for Business Venturing, Hewitt Associates, and the Globe and Mail. As an equal opportunity employer, we offer a first class working environment and highly competitive compensation packages including performance bonus opportunities.

Qualified, professionally registered individuals and industry leaders with experience in the category listed below may apply online to: Careers@ColeEngineering.ca.

CADD OPERATOR DESIGNER (CADD O/D)

We are seeking a self motivated CADD operator designer to work in our land development business unit. The successful candidate will be responsible for providing quick and accurate CADD drawings as required by the Project Manager and/or Project Engineer on a per project basis. The ideal candidate will be a university or college graduate and have a diploma in engineering design or related field. Design skills include data collection, preparation of base drawings and sketched and preparation of submission drawings in coordination with internal and external design teams. The candidate will need to have demonstrated abilities in effective communication and project management. As part of our technical leadership group, the successful candidate will work cooperatively with business unit leaders and other team members toward the goals of Cole Engineering Group Ltd..

Qualifications include:

- Effective verbal and written communication, interpersonal and computer skills
- Able to deal effectively with a variety of individuals and groups both within and outside Cole Engineering, as required
- Strong technical and leadership skills
- Knowledge of land development design standards and design applications an asset
- Relevant Canadian experience

This job offer has an immediate responsibility and is 'career based' appropriate for established engineers and planners looking for a leadership role in the company. Interested candidates should email their resume to: careers@coleengineering.ca
