Solid Waste Business Unit Leader

These are exciting times for Cole Engineering Group Ltd., boasting a momentum and an energy that clearly differentiates us. We are an established company with a new vision in consulting services in Environmental Sciences and Engineering led by top industry leaders. We have grown to over 200 multi-disciplinary professional and technical staff supported by corporate administration and information technological services. If you are an engineering professional with abilities, talents and aspirations, we would like to hear from you.

Cole Engineering Group respects and celebrates the excellence of its staff and is proud of its ranking as one of the 50 Best Employers in Canada and, for a second year, the 50 Best Employers in the GTA, by Queen's Centre for Business Venturing, Hewitt Associates, and the Globe and Mail. As an equal opportunity employer, we offer a first class working environment and highly competitive compensation packages including performance bonus opportunities.

Qualified, professionally registered individuals and industry leaders with experience in the category listed below may apply online to: Careers@ColeEngineering.ca.

SOLID WASTE BUSINESS UNIT LEADER

We are seeking a self motivated, experienced professional to lead our new Waste Management Business Unit. The successful candidate will be responsible for building client relationships, business development and managing road and waste management projects. The ideal candidate will be a recognized industry leader with 10-15 years in waste management experience. The candidate will be responsible for developing and leading the waste business unit, ensuring superior quality service to our growing list of public and private sector clients. Salary is commensurate with experience and includes a competitive bonus, benefits and stock option package. As part of our technical leadership group, the successful candidate will work cooperatively with other business unit leaders toward the goals of Cole Engineering Group Ltd..

Qualifications include:

- Minimum 10 years waste management experience
- Strong technical, leadership, oral and written English, and communication skills
- Proven track record in Project Management, client services and interpersonal skills to lead strong technical design teams
- Relevant Canadian experience a must

This job offer has an immediate responsibility and is 'career based' appropriate for established engineers and planners looking for a leadership role in the company. Interested candidates should email their resume to: careers@coleengineering.ca
