

Now Hiring for the Position of:

TRANSPORTATION DESIGN BUSINESS UNIT LEADER**An Exceptional Environment for Engineering**

These are exciting times for Cole Engineering Group Ltd., boasting a momentum and an energy that clearly differentiates us. We are an established company with a new vision in consulting services in Environmental Sciences and Engineering led by top industry leaders. We have grown to over 150 multi-disciplinary professional and technical staff supported by corporate administration and information technological services. If you are an engineering professional with abilities, talents and aspirations, we would like to hear from you.

Cole Engineering Group respects and celebrates the excellence of its staff and is proud of its ranking as one of the 50 Best Employers in Canada and, for a second year, the 50 Best Employers in the GTA, by Queen's Centre for Business Venturing, Hewitt Associates, and the Globe and Mail. As an equal opportunity employer, we offer a first class working environment and highly competitive compensation packages including performance bonus opportunities.

Qualified, professionally registered individuals and industry leaders with experience in the category listed below may apply online to: **Careers@ColeEngineering.ca**.

TRANSPORTATION DESIGN BUSINESS UNIT LEADER

We are seeking a self motivated Business Unit Leader to develop a Transportation Design practice, including a team of road and transit engineers and designers. The successful candidate will be responsible for building client relationships, business development and managing road and transit design projects. The ideal candidate will be a registered professional engineer in Ontario with a degree in civil engineering and at least 15 years of experience in detail design and environmental assessments. The candidate will need to have demonstrated abilities in effective communication and project management. Ideally the candidate will be qualified to conduct work on behalf of the Ministry of Transportation. As part of our technical leadership group, the successful candidate will work cooperatively with other business unit leaders toward the goals of CEG. Qualifications include:

- Minimum 15 years transportation engineering experience
- PEO registered P.Eng,
- Solid experience in transportation design.
- Strong technical, leadership, oral and written English, and communication skills
- Proven track record in Project Management, client services and interpersonal skills to lead strong technical design teams
- Knowledge of road and transit design standards and design applications.
- Relevant Canadian experience a must

This job offer has an immediate responsibility and is 'career based' appropriate for established engineers and planners looking for a leadership role in the company. Interested candidates should email their resume to: careers@coleengineering.ca
