

COLE ENGINEERING GROUP LTD.

Now Hiring for the Position of:

Issue Date:

March 2011

Transportation Planning Analyst

These are exciting times for Cole Engineering Group Ltd., boasting a momentum and an energy that clearly differentiates us. We are an established company with a new vision in consulting services in Environmental Sciences and Engineering led by top industry leaders. We have grown to over 150 multi-disciplinary professional and technical staff supported by corporate administration and information technological services. If you are an engineering professional with abilities, talents and aspirations, we would like to hear from you.

Cole Engineering Group respects and celebrates the excellence of its staff and is proud of its ranking as one of the 50 Best Employers in Canada and, for a second year, the 50 Best Employers in the GTA, by Queen's Centre for Business Venturing, Hewitt Associates, and the Globe and Mail. As an equal opportunity employer, we offer a first class working environment and highly competitive compensation packages including performance bonus opportunities.

Qualified, professionally registered individuals and industry leaders with experience in the category listed below may apply online to: Careers@ColeEngineering.ca.

TRANSPORTATION PLANNING ANALYST

We are looking for creative individuals to join our transportation planning team. Applicants will have demonstrated an ability to research, apply technical applications and develop findings on a wide range of transportation studies. They will be able to meet project deadlines and work well within a team environment and independently. The candidate will need to have demonstrated abilities in effective communication and project management. Ideally the candidate will be qualified to conduct work on behalf of the Ministry of Transportation. As part of our technical leadership group, the successful candidate will work cooperatively with other business unit leaders toward the goals of CEG.

Qualifications include:

- Degree/diploma in Civil Engineering or related field
- Eligible for P.Eng., CET or MCIP preferred
- Strong oral and written English and communication skills
- Knowledge of traffic analysis techniques (HCS, Synchro, VISSIM, Paramics), or travel demand forecasting applications (EMME, VISUM, TransCad) preferred
- Relevant Canadian experience preferred

This job offer has an immediate responsibility and is 'career based' appropriate for established engineers and planners looking for a leadership role in the company. Interested candidates should email their resume to: careers@coleengineering.ca
